HOW TO GROW BULBS:

In this special Fall Bulb Planting List you will find a complete selection of the World’s Best Bulbs for Fall and Winter planting in the South. These choice bulbs are shipped direct to Van Antwerp’s by the leading bulb growers in Holland, France, Japan and California.

When planting bulbs in the garden loosen up the soil well. If it is wet or heavy soil, put a handful of sand under the bulb for drainage. Bone meal mixed with the soil or put on the earth over the bulb will assure you of extra fine flowers. For outdoor planting we recommend putting out bulbs in October and November.

Hyacinths, Tulpies, Narcissi, and similar large bulbs should be planted from four to six inches deep, smaller bulbs such as Crocuses, three inches deep. Most bulbous flowers bloom in March and April.

For a flower culture there is nothing more beautiful than a bowl of sweet-scented Paper White Narcissi, California Freyza or Chinese Scroof Elfish. These bulbs can be started indoors in pots of soil, which can be grown on the window sill for many weeks prior to planting outside. If you wish to start these bulbs in the house, prepare them scientifically for use in receptacles without drainage. It is then and under these no showers necessary, no fear of standing for soil, scientifically prepared for use in receptacles without drainage. In account of its beauty allows the roots to penetrate freely.

Van Antwerp’s Exhibition Hyacinth Bulbs

This size of bulb is known as “top-roots,” the largest size of Hyacinths imported into this country from Holland. They are the bulbs that are grown for those masses of bloom you see exhibited at national Flower Shows.

CRANDER AMERELLE—Charming very white.
KING OF THE BLUES—Dark closer indigo blue.
GARIBALDI—Rich glossy crimson.
MENELIK—New, almost black.
KING OF THE BELGIANS—Brilliant scarlet.
MORENO—Large bright pink.

VADCO EXHIBITION MIXED—Mixed from above named varieties.

Price: Any of the above varieties of Exhibition Hyacinth Bulbs: 25c each; 3 for 75c; 6 for $1.30; 12 for $2.50; 50 for $10.00; 100 for $19.00, postpaid.

VADCO RAINBOW BEDDING HYACINTHS, MIXED COLORS

By us from a choice selection of varieties and colors.

Price: Large bulbs, 10c each; 3 for 30c; 6 for 50c; 12 for $1.60; 50 for $6.25; 100 for $12.50.

Early French Roman Hyacinths

French Roman Hyacinths come into bloom before the Dutch Hyacinths and while not as large, frequently produce 3 to 5 graceful spikes of bloom from one bulb. They may be grown indoors in the South but their chief use is for planting in pots and bowls of fibre for indoor blooming. We offer three separate colors in these French Roman Hyacinths: White, Pink and Blue.

Price of Bulbs: 20c each; 3 for 50c; 6 for 90c; 12 for $1.75, postpaid.

Hyacinth Glasses

In four colors—Green, blue, white and amber, in low and high patterns; for forcing Hyacinths to bloom in water.

Price: 40c each; $1.85 per dozen. By mail add 10c each or 60c dozen.

Van Antwerp’s Special Bedding Hyacinths

Van Antwerp’s Special Bedding Hyacinths are great favorites as they can be planted indoors or outdoors. The bulbs should be planted 4 inches deep and 6 to 10 inches apart. We offer a choice selection of varieties and colors which make them especially valuable for bedding in distant or others to obtain the exact color effect desired.

Special Lavender Blue
Special Dark Blue
Special Snow White

Price of Bulbs: 20c each; 6 bulbs for $1.00; 12 for $1.50; 50 for $7.50; 100 for $14.00.

VADCO SPECIAL EXHIBITION HYACINTH COLLECTION

SPECIAL COLLECTION OF 12 BULBS—This collection contains 1 bulb of each of the above 12 named Exhibition Hyacinths. The 12 for $2.25, postpaid. 2 collections (24 bulbs) $5.50.

THESE ARE FREE

Note—This FREE offer ends December 1st, 1927. Order Early.
THE WORLD'S BEST BULBS FOR FALL PLANTING

TULIPS

For outdoor plantation Tulips are essentially Ophelia and they perform the most beautifully both in the garden and the flower border. Their flowering period is longer than that of any other bulbous plant; they are planted in autumn and bloom in spring. They are admirably suited to the needs of both amateur and professional gardeners. Customers who order Tulip bulbs should be provided with advice and guidance for the best results. Tulips are planted in early autumn and then allowed to set and grow until the following spring. They should be planted in a well-drained, sunny location. The bulbs should be planted at a depth of 3-4 inches. Tulips can be mixed with other bulbs in a bed or mixed with other flowering plants to create a colorful and diverse display. They are a favorite of many gardeners and are widely used in landscaping and garden design. The World's Best Tulips are available for purchase at Van Antwerp's Seed Store in Mobile, Alabama.

Giant Darwin Tulip Bulbs

These bulbs are the largest of all Tulips and are available in a variety of colors including white, pink, red, and orange. They are ideal for setting the scene in the garden and are perfect for planting in clusters to create a dramatic effect. These bulbs can be planted in late autumn and will produce a stunning display of flowers in early spring. They are easy to grow and require little maintenance. These bulbs are a perfect choice for anyone looking to add a touch of luxury to their garden. Their large size makes them a great addition to any flower bed or border. These bulbs are available in a range of colors to suit any garden and will create a stunning display of flowers. They are a popular choice for gardeners and are widely used in landscaping and garden design. The World's Best Giant Darwin Tulip Bulbs are available for purchase at Van Antwerp's Seed Store in Mobile, Alabama.

Fancy Pearl Chips

These bulbs are a perfect choice for anyone looking to add a touch of luxury to their garden. Their large size makes them a great addition to any flower bed or border. These bulbs are a popular choice for gardeners and are widely used in landscaping and garden design. The World's Best Fancy Pearl Chips are available for purchase at Van Antwerp's Seed Store in Mobile, Alabama.

Van Antwerp's American Grown Daffodil Bulbs

The author of the text mentioned that the bulbs are grown in America. Daffodils grow in the North and are a favorite of many gardeners. They are perfect for setting the scene in the garden and are ideal for planting in clusters to create a dramatic effect. These bulbs can be planted in late autumn and will produce a stunning display of flowers in early spring. They are easy to grow and require little maintenance. These bulbs are a perfect choice for anyone looking to add a touch of luxury to their garden. Their large size makes them a great addition to any flower bed or border. These bulbs are available in a range of colors to suit any garden and will create a stunning display of flowers. They are a popular choice for gardeners and are widely used in landscaping and garden design. The World's Best Daffodil Bulbs are available for purchase at Van Antwerp's Seed Store in Mobile, Alabama.

SINGLE DAFODILS

Lilium Souvenir—The largest bulb of all, produced every year in the garden. This bulb is perfect for setting the scene in the garden and is ideal for planting in clusters to create a dramatic effect. These bulbs can be planted in late autumn and will produce a stunning display of flowers in early spring. They are easy to grow and require little maintenance. These bulbs are a perfect choice for anyone looking to add a touch of luxury to their garden. Their large size makes them a great addition to any flower bed or border. These bulbs are available in a range of colors to suit any garden and will create a stunning display of flowers. They are a popular choice for gardeners and are widely used in landscaping and garden design. The World's Best Lilium Souvenir Bulbs are available for purchase at Van Antwerp's Seed Store in Mobile, Alabama.

Lilium Superb—The largest bulb of all, produced every year in the garden. This bulb is perfect for setting the scene in the garden and is ideal for planting in clusters to create a dramatic effect. These bulbs can be planted in late autumn and will produce a stunning display of flowers in early spring. They are easy to grow and require little maintenance. SATSUMA
AND
PECAN TREES
From The Famous
CAROL PLANTATION

Order Now—Shipment in December

We have arranged to supply our customers with Satsuma and Pecan Trees, also Kumquat Bushes, from the nursery of the famous Carol Plantation, near Mobile. Send your orders direct to Van Antwerp's, and the trees will be forwarded to you as early in December as weather conditions are favorable for planting.

NOTE—No Trees can be shipped to Florida. No Trees sent C. O. D.

SATSUMA TREES

Every home owner in the Satsuma section of the South should have at least a few trees to supply his own needs, and if he has sufficient land for larger plantings, cannot do better than plant Satsumas. The Satsuma is peculiarly adapted to a region extending about 100 to 150 miles back from the Gulf. In this section the fruit ripens long before cold weather comes, and a month before Florida oranges are ready for market. This "kind-clove" orange (which may be peeled and eaten without cutting the finger) is becoming more popular every year, and is now bringing the highest price in Northern markets. This year's crop from the Mobile section will bring hundreds of thousands of dollars and prove the most profitable crop ever harvested. The trees we offer are the above average in quality, and are three-year-old tops on four-year-old roots. They will bear the second season. All budwood was selected from trees bearing highest quality fruit. Satsuma trees should be planted 20 feet apart in orchards or 108 trees to the acre. If planted in the home garden (to be worked without field implements) 10 to 12 feet apart. Satsumas require no pruning except to remove any broken or dead limbs, or shallow cultivation required. Price: Satsuma Trees (over 3-4 inch caliper) 35c per tree, 10 trees or over at 30c per tree. Small lots can be sent parcel post at 5c per tree extra for postage and packing. Large shipment by express.

PEACAN TREES

The Pecan is the recognized world over as the premier of all nuts in food value and flavor. It is a native of the South, and flourishes here better than in other sections, and it commands the highest price in all markets. The trees we offer here are paper shells of well known varieties, grafted from only bearing trees. Trees should be planted 80 to 60 feet apart, and they will begin bearing at four years, and when eight years old should bear at least 10 pounds of nuts per tree if properly cared for. We do not recommend planting trees smaller than the 5 to 7 foot size. We can supply any of the following well known varieties—SCHLEY, STUART SUCCESS, PABST, MONEYMAKER. Prices: (5 to 7 feet high) $1.05 each; 7 to 9 feet $1.15 each. On orders of 100 trees or over a special reduction of 10c per tree.

NOTE—Pecan trees cannot be shipped parcel post. Shipments will be made by express, charges collect. All trees pruned ready for planting.

Carol Plantation: It is said that "entire satisfaction is a very rare thing," but that is the feeling I have with reference to the Satsuma Trees purchased from you last spring. A very careful examination of the entire planting of over 1,200 trees fails to show a single dead tree, every tree showing excellent growth and strong vitality.

WALTER WEAVER
Weaver Orchards
Fowl River, Ala.

John W. Wilson
Terre Vista Groves
Delchamps, Ala.

The Pecan trees I bought from you last winter are doing fine. I will be back next winter for more.

L. G. ADAMS

KUMQUAT BUSHES

The Kumquat is the smallest of citrus fruits; it can be eaten fresh or in marmalade and jelly. Plant Kumquat bushes eight feet apart in groves or 3 to 4 feet apart in beds. It makes a beautiful hedge between the front and back yards, growing six to eight feet tall. This is the most profitable method of planting, for the bushes serve a double purpose. Prices: Kumquats (over 3-4 inch caliper) 35c per bush; 10 bushes or over at 30c each. If wanted by parcel post, add 5c per bush for postage and packing. Large shipments by express.

VAN ANTWERP BUILDING
Where Your Seed Orders Are Filled

HIGH GRADE

CLOVER SEED

No. F59—Medium Red Clover—As a soil builder, red clover is unsurpassed. It is a green food for stock and an excellent cover crop. The seeds are large and smooth and are sold at prices:
Prices: 1 lb. (in.) 30c; 1 lb. (bushel) 25c; 5 lbs. 1.75, postpaid. Not prepaid: 10 lbs. $2.50; 25 lbs. $6.50; 100 lbs. 15$.20.

No. F67—White Blossom Sweet Clover (Mellilotus Albus) It is very hardy, making a great growth of stems and roots, and is not a post, and is liked by all stock, including poultry. It is a splendid cover crop and will form luxuriant sod. Prices: 1 lb. 15c; 1 lb. 25c; or 2 lbs. 65c postpaid. Not prepaid: 5 lbs. $1.50; 10 lbs. $2.50; 25 lbs. $5.00; 100 lbs. 15$.20.

No. F69—Yellow Blossom Sweet Clover (Mellilotus Indicus) You can sow the seed in the fall or early spring. It is a winter growing legume, and when sown in September, October or November, no other seed is required to the acre; and it roots itself down to the water table. It grows best during the winter months. Sown in October or November it has attained its maximum growth by the last of February or the first of March. Sown in September, it has attained its maximum growth by the last of October or the first of November. Rates: 1 lb. 15c; 1 lb. 25c; or 2 lbs. 45c. Not prepaid: 5 lbs. 75c; 25 lbs. $2.50; 100 lbs. 5$.25.

No. F57—White Clover, Fancy, is a dwarf variety, and can be used for pastures and in mixture of lawn grass. Prices: 1 lb. 25c; 1 lb. 65c; 2 lbs. 1.25, postpaid. Not prepaid: 5 lbs. 2.25; 10 lbs. 4.45; 25 lbs. 10$.50; 100 lbs. 4$.40.

No. F79—Alfalfa, or Lucerne, Kansas Grown—A leguminous, nutritious and rich in protein. Clover-like, growing 2 to 5 feet high. It requires a rich, calcareous soil; must be well drained. Sown 25 lbs. per acre, broadcast. Prices: 1 lb. 15c; 1 lb. 35c; 2 lbs. 70c. Not prepaid: 5 lbs. 1$.65; 10 lbs. 3$.25; 25 lbs. 6$.50; 100 lbs. $2.25.

F61—Crimson Clover—One of the best green maturers to turn under in field or orchard. Should be sown from August to December. When sown by itself in two to three months it will produce fifteen pounds of green forage. Prices: 1 lb. 15c; 1 lb. 40c; 2 lbs. 70c. Not prepaid: 5 lbs. 1$.65; 10 lbs. 3$.25; 25 lbs. 6$.50; 100 lbs. $2.25.

No. F63—Bur Clover—An annual Winter legume, coming from seed each year, and furnishing grazing during the winter. If allowed to go to seed and be dispersed, will produce other Winter’s grazing. Bur clover should be planted in October at the rate of 20 to 25 lbs. of Bur Clover, or be reseeded, seed to the acre, and will produce 15 to 20 lbs. of hay per acre. Prices: Hulled and Redseeded Seed: 1 lb. 15c; 1 lb. 30c; 2 lbs. 55c, postpaid. Not prepaid: 5 lbs. $1.25; 10 lbs. $2.25; 25 lbs. 5$.50; 100 lbs. 15$.25. (If wanted in the bar, write for prices.)

SEED OATS

No. F155—Texas Red Rust Proof Oats—Red Rust Proof oats seem to be especially well adapted to the light, sandy soil of this section. They are vigorous growers, robust and productive, and have heavy heads. They are also preferred for sowing on low ground. Sow 2 to 2.5 bushels per acre. Prices: lb. 15c; 3 lbs. 35c; 5 lbs. 50c, postpaid. Not prepaid, 5 lbs. (peck) 40c; 25 lbs. (bushel) $1.25; 5 bushels at $1.15 per bushel.

No. F 156—Hundred Bushel Oats—This variety is quite popular in some sections of the South. Prices: lb. 15c; 3 lbs. 35c; 5 lbs. 40c, postpaid. Not prepaid, 8 lbs. (peck) 40c; 2 lbs. (bushel) $1.15; 5 bushels at $1.15 per bushel.

Dwarf Essex Rape—Rape, Hogs, Cattle and Poultry

Previously rape was grown especially for sheep, but in recent years it has been found equally good for providing pasture for all kinds of stock. It has been estimated to yield more than 10 tons of green forage per acre, the larger the area and the better the soil. It is claimed to last, after the first cut, two or three times on the same land. It is a valuable cover crop and is excellent for winter pasture. Prices: 1 lb. 20c; 1 lb. 35c; 2 lbs. 60c; 5 lbs. $1.25, postpaid. Not prepaid: 10 lbs. 2$.25; 25 lbs. 3$.75; 100 lbs. 15$.25.

SELECTED GRASSES FOR THE SOUTH

No. F37—Italian Ryegrass—This grass is used extensively for golf courses and for winter lawns in all sections of the South. We recommend the ordinary grading of Bermuda sod you can have a beautiful lawn all the year round. Sow 1 lb. seed to every 400 square feet for an average lawn area. Prices: 1 lb. 20c; 1 lb. 35c; 2 lbs. 60c; 5 lbs. $1.25, postpaid. Not prepaid: 10 lbs. 2$.25; 25 lbs. 3$.75; 100 lbs. 15$.25.

No. F35—English Ryegrass—Makes a finer grass than Italian lawn, therefore not as suitable for winter lawns as the Italian. Prices: 1 lb. 25c; 1 lb. 40c; 2 lbs. 65c; 5 lbs. $1.50, postpaid. Not prepaid: 10 lbs. 2$.50; 25 lbs. $4.50; 100 lbs. 15$.17.

### Have You Ordered Everything You Want?

#### Van Antwerp's Profit-Sharing Certificates

Every one who orders from Van Antwerp's catalog by mail will receive one 5-20 Profit-Sharing Certificate for every fifty cent portion of their order. As an example, suppose you order three dollars' worth of seeds or any other goods listed in our catalog you would receive from us with your goods 6 of these Certificates free and then later on you send us another order to the value of say two dollars you would receive 4 more Certificates. This would give you ten Certificates which you could send us instead of cash for any seeds or other goods ordered to the value of fifty cents.

You may select as premiums any of the following items—Seed, Bulbs, Plants, Insecticides, Sprayers, Garden Hose, Fertilizers, Implements, Poultry Supplies, or anything listed in our catalog which we send you absolutely free in exchange for these Van Antwerp Profit-Sharing Certificates. Remember, all the certificates you send us count as cash, but we will not redeem less than ten certificates at a time. Also remember the goods must be ordered by mail and from the Van Antwerp catalog. Be sure to keep the Van Antwerp Catalog handy all through the year, as you will need it to select the seeds or other goods you want which we send you free. Refer to our big Spring Catalog for further information about our liberal premium system.

We are anxious to obtain the names and correct postoffice addresses of a number of your friends and acquaintances who are farmers and gardeners who you think would be interested in receiving our Catalog. We are extremely anxious that this list be made absolutely correct so far as postoffice, name and rural route is concerned, and in order that you may use care in compiling same we will give you FREE an assortment of FOUR of our choice VEGETABLE SEEDS, our selection for garden use, if you will fill out the blank below and send it with an order for Seed or other articles selected from our Catalog.
